Tiffany,

I got a call from Jim early this am: He is out sick. I am plugging in to see if I can get you a proposal by days end. Thanks for the patience 😊

Tiffany,

I was on the phone with Jim on this today and know he is working with our internal product folks as well as Kerri to provide you a move forward plan.

Look for something from Jim yet today.

Jim,
Just tried calling you back. When will we have Ecowater's proposal?

Subject: RE: Ecowater Follow Up

Jim,
When will Ecowater have the following next step ready for review?

- Ecowater to provide a proposal that includes that additional of a water fountain booster pump and install. Including installation requirements or specifications needed such as electrical.

Best,

Tiffany Delcour

Subject: Ecowater Follow Up

Jim,

Thanks again for coming down to visit us on such short notice. I wanted to recap the next steps discussed on Tuesday. Let me know if I missed anything.

Next Steps:

- Continue with the install of water filter systems as specified in contract in schools with domestic booster pumps or high residual pressure.
 - Update: A 3 month install schedule for 20 schools has been sent for review.
- Ecowater to further evaluate and test the operational needs or conditions of the water filters system as specified in the contract such as minimum pressure requirements.
- Ecowater to provide a proposal that includes that additional of a water fountain booster pump and install. Including installation requirements or specifications needed such as electrical.
- Ecowater/KSK Plumbing to asses a set of schools to understand how pressure, flowrate, and orifice diameter effect functionality of water filter system as specified in contract.
 - Update: OPSB will provide list of schools for assessment next week.
